Subject: Re: San Juan County Surveyor - Gold King Mine area scope

Ken,

As follow up to our discussion regarding the needed information on the various claims around the Gold King mine area, it is my understanding that the County has determined that you will perform the required surveys and mineral survey research.

The required information includes verifying the specific claims and claim locations along the North Fork Cement Creek from the Gold King 7 Level, along Cement Creek to and around the Gladstone area. This includes verifying the location of federal land holdings within these areas.

The appropriate cooperative agreement is being established between EPA and the County to fund this effort.

Thank you for your assistance.

Steve Way, OSC

Hi Ken,

When the report for the Tribune claim is completed please email it to me, Steve Way, and Craig Myers. I have copied them on this message so you can reply all and attach the file. Are you still planning on submitting it tomorrow(Friday)?

Thanks,
Elliott
